MULTI-USE PRODUCT

SAFE PRODUCT

CORK INSULATION TAPE will effectively insulate either hot or cold surfaces and may be used in a wide range of applications. It is effective at temperatures of -20°F (-29°C) to 190°F (88°C).

Use CORK INSULATION TAPE to stop drips and condensation from pipes and tubes. Adheres firmly to all clean non-porous surfaces and to itself for multiple wrap applications. It is easily cut in pieces and molded around fittings and valves.
